

Mining Production & Dispatch Report

Financial Year: 2024-25

Demo historical record for testing Dashboard historical comparison. All values are intentionally consistent across the two test reports.

Metric	Value	Unit
Total Production	1,200.00	MT
Total Dispatch	1,100.00	MT
Total Target	1,250.00	MT

Production by Subsidiary

Subsidiary	Production (MT)
ECL	210.00
BCCL	260.00
CCL	300.00
NCL	430.00

Reference Notes

This document represents uploaded historical mining data for 2024-25. Use it together with the other test-year report to verify that the Dashboard retains historical records, builds a multi-year trend, and calculates YoY growth from database records rather than demo values.
